

# Could you help..

**Inspire** the next generation to be proud of their own success and the community they live in?

**Create** an environment that enables others to excel in all that they do?

**Achieve** consistently high standards through skilful engagement?

## We've Parent Governor Vacancies

Appledore School is looking to diversify its Governing Body and wants new members.

We are a friendly, dedicated and proud group of volunteers who offer insight from our own lives to the strategic direction of the school.

In a nutshell

We give our time to help support the school's management, ensuring it delivers the best it possibly can to the pupils of Appledore School.

We would like to hear from anyone who has

- a genuine interest
- a willingness to help
- a child in the school
