

Reading Comprehension - Week 2

The answers to the questions listed below can be found at this link:

<https://www.natgeokids.com/uk/discover/geography/general-geography/ocean-facts/> Some questions are a bit more challenging and may need some extra research to find the answers.

Thanks to everyone who sent their questions, they are all really great. Well done!

You can choose any questions to answer, someone from your class or a different class. You can answer one question each from a few different people, or all the questions from one person. It would be great if you could answer your questions in full sentences.

Also this website was recommended by Eben's family as it links in with the Under the Sea topic. <https://www.mcsuk.org/campaigns/plastic-challenge-home> Thank you Eben!

Year 1

Olivia M

1. What is the smallest ocean?
