

**Year 2 Maths for Home Learning week beginning 13th April 2020****Daily Lessons**

All year groups are to participate in the White Rose daily maths lesson by visiting <https://whiterosemaths.com/homelearning/>, selecting the correct age group on the right hand side and selecting Week 1 (not Week 1 Summer term (yet!))

**Additional Activities in Support of the White Rose Lessons for this week (if required/desired)**

Practical ideas:

Make a times table game to play with your family (this could be a simple pairs game with question and answer) Put the answers to the times table around the room and ask someone to ask you a question. You can run to the answer. (You could switch this around, so they call out the answer and you run to the question).

Additional Maths: Learn to tell the time

**Key Skills – these are to keep the children ticking over (if you have time)**
