Challenge:

If you would like a challenge, try this: <https://nrich.maths.org/1129/note>

It may take you a few attempts so try out a few different ways in your book and speak to a family member to discuss your ideas if you can.

Key Skills – these are to keep the children ticking over (if you have time)

Mon	3 mins TTRS Practise multiplications. https://www.timestables.com/multiplication-memory.html I would suggest selecting all tables to practise, but if you feel you particularly need to focus on some then just select those. Like in a game of pairs you need to match the cards. You need to match the answer to the calculation.
Tues	3 mins TTRS Practise subtracting 1-digit numbers from numbers up to 20. https://www.arcademics.com/games/mission Change content range from '1 to 20' and keep speed as 'normal'. If this is too difficult or easy, try changing the range or speed.
Wed	3 mins TTRS Practise subtracting pairs up to 100 (tens). https://www.topmarks.co.uk/maths-games/subtraction-grids Select the option 'two numbers' and then 'up to 100 (tens)'. If this is too difficult or easy, try a level above or below.
Thurs	3 mins TTRS Practise subtraction problems. https://mathsbot.com/questionsIWB Set topic to 5. Subtraction, No of questions to 5 – difficulty level min 3, max 7 choose a set of star questions and record your answers in your book. When finished click on solutions to check your answers. If it was too easy or difficult, change the min or max level of difficulty to one above or below.
Fri	3 mins TTRS Look at adding money from coins. https://mathsbot.com/questionsIWB Set topic to 49. Adding coins. No of questions to 5 – difficulty level min 0, max 3 choose a set of star questions and record your answers in your book. When finished click on solutions to check your answers. If it was too easy or difficult, change the min or max level or difficulty to one above or below.
